AGRICULTURE REPRESENTATIVES NEEDED EVERYWHERE

MOVING? Please use form inside paper and give full information. Mailing list is run on Friday for following week.

With the announcement that President Carter had nominated Carol Tucker Foreman, executive director of the Consumer Federation of America to be Assistant Secretary of Agriculture for food and consumer services, and Ag. Secy. Bergland's announced intention to inject consumer ideas and activities in his department, and with dozens of other Special Interest people ranging from some former Nader people to Big Labor activists and Minority Advocates of one kind or another in important positions in all Government Departments, it appears time for farmers and ranchers to make a move.

With the increases in costs of farm and ranching higher by some 9% in the past months, it appears these activists for this or that group are in a position to take care of their followers and cohorts in matters of importance. (CONT. ON PAGE 10)

Tarrant Co. Junior Show March 17-19

The 28th Annual Tarrant County Junior Livestock Show and Auction Sale sponsored by the Fort Worth Farm and Ranch Club will be held on March 17 through 19, 1977.

The Junior Show will be held in the Swine Barn at the Southwestern Exposition and Fair Grounds. 4-H members and Vocational Agriculture students from throughout Tarrant County will be exhibiting their beef cattle, steers, swine, sheep, goats, poultry, rabbits, dairy cattle and dairy goats in the show.

Up to fifteen animals in each of the slaughter classes will be sold in the Premium Auction beginning at 1:30 p.m. on Saturday, March 18. The public is invited to come to the show and buyers are welcome to the auction.

Screwworm Eradication Program Underway

"Mission 77: Stamp Out Screwworms," a massive statewide voluntary campaign by livestock producers and other leaders to eliminate screwworms from Texas this year, was launched Feb. 24 in Austin during a special conference called by Gov. Dolph Briscoe. More than 1,600 livestock owners, county Screwworm Subcommittee members, agribusiness leaders and county Extension agents participated. The campaign was launched to take advantage of a combination of factors that hold promise for its success — a cold winter that will reduce the number of screwworm flies this spring, a new strain of sterile flies, and the new screwworm plant in Tuxtla Gutierrez, Mexico, that will double sterile fly production capacity.

Sen. Tower Aims Bill at Bootleg Beef Importations

Washington — Sen. John Tower (R-Tex) last week cosponsored legislation to close a loophole in the 1964 Meat Import Control Law which has been used extensively by Australia to avoid duties levied on beef shipments to the United States.

Tower joined Sen. Dewey Bartlett (R-Okl.) in proposing the bill which would subject shipments of partially processed beef entering the U.S. through free trade zones to the same duty levied on the other beef imports.

Tower said Texas cattlemen are accustomed to competing with their counterparts in foreign countries, many of whom enjoy government subsidies and benefits which American beef producers do not.

"The beef producer in this country should not, however, have to sit by while his foreign competitor enjoys (CONT. ON PAGE 27)

HERFORD Firm to \$1.50 Higher Rate Various Points, Feeder Prices Also Recovered, Hogs Sell Lower

Fed steers and heifers at the major central markets Monday were firm to 1.50 higher and receipts were slightly above a week ago. Improving beef trade was credited with the development, as well as short supplies of the product in packers hands. Hogs were steady to as much as 1.60 lower at various markets. Price trends, quotes on choice and prime steers and heifers and the mixed good and choice grades, and on U.S. 1-3 hogs usually weighing 200 to 270 pounds included:

Grain-fed cattle firm to 1.00 higher, 37.50-38.75 and 38.50-37.25; heifers 36.00-37.50 and 35.00-38.00. Hogs steady to 50c lower at 37.50-39.00. Sioux City fed cattle firm to 50c higher, steers 37.00-38.50 and 34.00-37.50; heifers 36.00-37.00 and 33.00-36.50. Hogs 50-75c lower at 38.00-38.75.

Joliet fed cattle 1.00-1.50 higher, steers 38.00-40.00 and 38.50-38.00; heifers 37.00-38.25 and 35.50-37.00. Hogs 50-75c lower at 37.00-40.00. Pacific fed cattle 1.00-1.50 higher, steers 37.50-40.00 and 36.50-38.00; heifers 36.00-38.00 and 35.00-36.00. Hogs 1.00 lower at 37.50-38.75.

St. Paul fed cattle steady, steers 38.50-37.50 and 35.50-36.50; heifers 34.50-36.00 and 33.50-34.50. Hogs 50-1.50 lower at 37.50-35.50. Sioux Falls fed cattle steady to 25c higher, steers 38.75-37.75 and 30.00-34.75; heifers 35.25-37.00 and 34.50-35.25. Hogs 50-75c lower at 37.50-38.50.

St. Louis fed cattle 1.50-2.00 higher, steers 38.50-38.25 and 35.50-36.25; heifers 34.50-38.25 and 33.00-34.75. Hogs 1.00 lower at 38.50-39.25. St. Joseph fed cattle 1.00-1.50 higher, steers 36.75-38.00 and 35.50-36.50; heifers 35.50-37.00 and 34.50-35.50. Hogs 50c lower at 37.50-38.50. Kansas City fed cattle firm to 1.00 higher, steers 36.00-37.00 and 33.00-36.00; heifers 35.00-36.00 and 33.00-35.00. Hogs 50-75c lower at 37.75-38.50.

Stocker and feeder cattle prices were strong to \$1 or \$2 higher at major auctions Monday, recovering some of the recent declines brought about by uncertainty in the beef trade and adverse weather conditions. More relief from drought conditions reported in the past week has set the stage for a better prospect for pasture this spring and greening pastures in most of the major cattle producing areas helped generate a more optimistic feeling in the trade. Demand continued broad for slaughter cows and bulls and strong to \$1 or more higher rates were noted at various markets.

Direct Feedlot Trade Slow, Prices Generally Steady With Spots Up

Amarillo, Mar. 7 (F-S) — Trade slow and demand light throughout the Panhandle area early Monday. Slaughter steers and heifers firm to 25c higher. Steers 2,800; choice with end good Monday 37.25-37.75. Slaughter heifers 1,600; choice 2-4, mostly 3, 900-1025 lbs. 35.50-36.25, mostly 38.00 on Monday.

Grasley, Mar. 7 (F-S) — Slaughter steers and heifers rather slow Monday, steers 1,00-1.25 higher than last week's bulk selling early or strong to 25c higher than taken late sales; no sales heifers confirmed for Monday. Steers 850. On Monday, some 500 choice 2-4 1150-1175 lbs. 37.50-38.25. Late last Friday, 800 same grade and weights 37.00-37.50; load or so Holsteins good 2-3 85.50 for feedlot. Heifers 250. Late last Friday, choice 2-4 1075-1100 lbs. 36.50.

Eastern Nebraska Feedlot Sales, Mar. 7 — Over the weekend and Monday 4,300 slaughter cattle. Demand Monday only fair, even at barely steady prices. Seller inquiry fairly liberal. Steers: Good to mostly (CONT. ON PAGE 2)

Charolais "Sale Of Sales" Average \$6,879 in Houston

Houston — In the 12th Anniversary "Sale of Sales" sponsored by the Texas Charolais Breeders Assn. at the Houston Stock Show Feb. 25, the \$1 lots sold for \$218,260 for an average of \$6,879 to maintain the event's reputation of being the "Pace-setter of the Charolais Industry." Jernigan Charolais Sales Management, Tyler, manager the sale and George Morse, Lenexa, Kan., was the auctioneer.

In the Junior Charolais sale which followed, seven heifers sold for \$7,000 for a \$1,000 average.

In the Sale of Sales, four bulls sold for \$18,700 for an average of \$4,675; and 28 females \$185,300 for an average of \$7,127. All animals in the sale were full French.

L. B. Williams, Haleyville, Ala., consigned the top selling bull, Mr. Bruce LBW W824, that was purchased by Lockert's Land Improvement Co., West Chicago, Ill., for \$8,700.

Leroy Melcher's Mel Acres Ranch, Chappel Hill, consigned the sale

topping female, Miss BCR Ingenue 3/F2, that was purchased by W. L. Bates' Bates Ranch, Bandera, for \$20,000.

C. M. Buchanan, Graham, consigned 50 vials of Abraham semen that sold for \$11,250 at the beginning of the sale.

In the Junior sale Debby Schill, Houston, consigned the top heifer, one purchased by M. R. Heldenbrand, Nacogdoches, for \$1,450.

Charolais Registrations Show Improvement

Houston — Registrations of purebred Charolais cattle during 1976 totaled 45,951 animals, overcoming a two-year decline resulting from a generally bad economic position of the overall beef industry, states Dr. J. W. Gossett, executive vice president of American-International Charolais Association.

"Generally improving economic conditions within the industry, and a favorable position given Charolais as a result of recent changes in the beef grading system accounted for this turn-around for the breed," he added.

Bill Arlitt of San Antonio, secretary-treasurer of the Texas Charolais Breeders Assn., is shown presenting a plaque to Modena and Robert Jernigan, Tyler, at the 12th anniversary Charolais "Sale of Sales" at the Houston Stock Show Feb. 25 in honor of Jernigan Charolais Sales Management having managed the 11 previous sales in which \$5,076,800 was paid for 485 lots of cattle for an average of \$10,462.24. This sale added another \$218,260 to that total.

Arkansas cattlemen will produce nearly \$170 million worth of beef during 1976.

Faster Pasture FP-1

Higher Seed Count . . . Less seed per acre or Higher quality forage

Plant a field of Funk's Faster Pasture (FP-1) sorghum-sudangrass hybrid—even late in the season—and get a crash forage crop. Watch the field grow a foot or more a week in normal conditions . . . ready to eat in about 30 days.

You can graze or cut it 3 or 4 times. Fast regrowth with high protein value and palatability are looked-in well into the summer growing season, when perennial forages fail or go dormant. Sweet, juicy leaves and stalks provide an excellent all-summer forage crop with high TDN.

Count on these drought-tolerant Funk varieties to produce all the high-quality grazing, hay or greenchop your livestock need—and in a big hurry. Recent tests proved a Funk sorghum-

sudangrass hybrid produced an equivalent of 338 fifty-pound bales of hay per acre in 3 cuttings. For grain-rich, high-tonnage silage, plant Funk's disease-tolerant sorghum hybrids. Or ask about Funk's grain sorghum varieties that produce big yields of robust and nutritious kernels. Bred with disease and insect resistance.

Rowse Hydraulic Farm Equipment At Ft. Worth Show

A new three-yard dirt scraper that is wider than the average farm tractor with single rear wheels has been introduced by Rowse Hydraulic Rake Company of Burwell, Nebr.

Rowse will have a display of the new scraper, "Quick Hitch" mowers

with high action and adventure. The Way of An Indian is as true to life as if Fire Eater himself had written it!

Included in the Memento book saluting Frederic Remington is "The Frederic Remington Profile," uniquely written by Donald E. Worcester, giving a comprehensive account of Frederic Remington's life and times.

A limited number of Bicentennial editions of this book are still available. For information on this book, "The Way Of An Indian," write Memento Publications, Inc., 901 Washington Street, Wilmington, Delaware 19801. The book sells for \$17.76 including tax, postage and handling.

The new scraper is 111 inches in total width. Blade width is 98 inches. The cutting blade is made of road-grader type Pacal steel.

Minimum drawbar power required for the Rowse Dirt Scraper starts at 50 horsepower. Main hinge pivots are 2 1/4-inch cold rolled shafts with bronze bushings. Two double acting hydraulic cylinders with 1 1/2-inch shafts position the scraper for loading.

What Reviewers and Readers Are Saying:

"The printed word, Remington maintains his exceptionally gifted creativity and gives to the world a true, realistic saga of a Cheyenne Indian named Fire Eater. 'The Way of an Indian' is a stirring tale of adventure. Fire Eater's spellbinding stories set against the rich fabric of America's wilderness... a must in the home and reference library of Americana." — Frances Beeson Smith, Story Editor, Global Entertainment Media.

"The Way of an Indian is, indeed, a remarkable and unique achievement. As in everything he did, Remington's accuracy of detail, thorough knowledge of subject, and respect for Indians set his work apart from that of his contemporaries. Few men who knew Indians well could think and feel as Indians. It is the genuineness of his portrayal and his rare ability to see life through an Indian's eyes, rather than its purely literary qualities, that make 'The Way of an Indian' one of the most memorable books ever written about the American Indians." — Donald E. Worcester, Editor, Reviewer and Writer.

"It is one thing to show the way of an Indian by means of brush and pencil. It is another thing to show it by word and sentence. Mr. Remington has a fancy for both methods, and if he does not fully succeed in making us feel as if we had been inside the skin of a red man among his tribe members as the Fire Eater, at least we are given... a vivid and picturesque exhibition of this typical Indian and his ways... While the pitiless snow whiteness of the hunted creature's last rocky mountain stronghold accentuates the contrast as every colorist could wish." — New York Times

Included in Memento Publications' Commemorative salute to Frederic Remington is "THE FREDERIC REMINGTON PROFILE — 1976"... uniquely written by the internationally known writer, Donald E. Worcester giving an in-depth account of Frederic Remington's life and times — October 1, 1861... December 26, 1909.

Finneys, Pioneer Pinzgauer Breeders, Set First Production Sale March 19

Terrell, Texas — The Finney family's Double Check Pinzgauer Farms of Argyle and Canton, Texas, will host the first Pinzgauer production sale to be held by a Southwest breeder beginning at 2 p.m., Saturday, March 19, at the J-Ben Cattle Sale Facility on Farm Road 148 a half-mile south of Interstate 20 at Terrell, 20 miles east of Dallas.

The sale will climax four years of Pinzgauer activities by the Finneys, Ken, Chuck, Dick and their father, Delbert Finney, all of whom have been involved in Pinzgauer breeding since the breed was introduced in 1973. In fact, Ken Finney was co-founder of Pinzgauer Southwest, Inc., the first Pinzgauer firm in the Southwestern U.S., and he served one term as president of American Pinzgauer Assn.

Although showing of Pinzgauer cattle has necessarily been limited so far, the Finneys have already established an enviable record in the showing. In the first American Pinzgauer Futurity, held late last year at Oklahoma City, the Finneys entered 18 head and all but four of them earned trophies, and took places 1, 2, 3 and 8 in the open heifer division of the show.

In this sale, the Finneys will sell all of their Pinzgauer show string of cattle.

The offering will include one pure-blood bull and one pure-blood heifer, guest consignments from Canada; one bred three-quarter heifer that is bred

This Pinzgauer heifer was the first place winner in her class at the recent American Pinzgauer Futurity. Double Check Farms will sell the three-quarter Pinzgauer heifer bred to calve the first seven-eighths Pinzgauer calf in the U.S. in the March 19 sale.

to calve in April with what is believed to be the first seven-eighths Pinzgauer born in the United States.

Also selling will be six open three-quarter Pinzgauer heifers; eight three-quarter calf pairs; 25 bred half-blood cows and heifers; 15 open half-blood heifers; and three three-quarter performance tested Pinzgauer bulls which are now completing official 140-day test at Cooke County College Beef Evaluation Center at Gainesville. So far those bulls have averaged gaining more than four pounds per day on the test, with the top one so far leading

Size of the Pinzgauer calves at birth — small and smooth is exemplified by the 45-pounder above, born unassisted from the first-calf dam, Ken Finney, one of the owners of Double Check Farms, says they have no calving difficulties, even with first-calf heifers.

Halfblood Pinzgauers that are one-quarter Brahman and mixed base are among the bred heifers the Finneys' Double Check Farms will be selling in the first Pinzgauer production sale to be held by a Southwestern breeder in the U.S. The sale will be at 2 p.m., Saturday, March 19 in the J-Ben Cattle Sale Facility on FM 148 a half-mile south of Interstate 20 at Terrell, Texas.

the test at 4.60 pounds per day.

There are many reasons why the Finneys like Pinzgauer cattle, but two of the most prominent reasons are the cattle's ability to "scravage" for themselves, and the ease of calving the Finneys have experienced.

"We've had one of the worst winters I can remember, but our Pinzgauers have wintered well although we only started giving them hay six weeks ago to get ready for the sale," Ken said.

The ease of calving is attributed to the small, smooth calves at birth —

A group of the halfblood Pinzgauers Double Check Farms will

sell March 19 at J-Ben Cattle Facility at Terrell is shown above.

calves from one bull the Finneys are using by artificial insemination have averaged only 45 pounds at birth, and the largest from another bull they use has been about 65 pounds, and all the calves have been born unassisted, even to first-calf heifers.

Ken Finney said: "As pioneer American Pinzgauer breeders, our faith in the breed has grown even stronger as the breed continues to set new performance records among all U.S. cattle which is the positive indicator that Pinzgauer will definitely improve the future U.S. beef production. We are extremely proud of our role in Pinzgauer production and promotion."

The cattle selected for this sale are from a full spectrum of foundation breeds and will reflect greatly on our reputation as Pinzgauer breeders. We are offering which we feel is an outstanding set of cattle, striving for a reputation as 'outstanding' Pinzgauer breeders."

Stanley Stout, Linwood, Kan., will be auctioneer for the sale.

Events connected with the sale will include a pre-sale get-together for preview of the cattle at 8 p.m.,

Friday, March 18, and last social hour at 12 noon Sat. March 19 prior to the sale.

All these activities will be held at the J-Ben Cattle Facility.

Weather, Forage Hard On Cows

College Station — Cattle less than Texas have been mounting in new weeks due to a combination of wet weather and lack of quality forage.

"Losses have been up sharply in some counties in the Gulf region because of a combination of these factors," points out Dr. L. Bolonnen, area beef cattle specialist with the Texas Agricultural Extension Service. "Most cattle can't either wet or cold weather to extent, but this fall and winter we had the two together and that's been big part of the problem."

Exceptions to the above were Oklahoma City steady to firm, Dodge City, Kansas calves steady to 1.00 higher and Arkansas steers 2.00-5.00 lower.

Concern about the again lackluster early week slaughter cattle market and concern about moisture were dominant negative factors in this week's trade.

Heavy snowfall in the Rockies at least gave some encouragement about summer water and a vicious blizzard swept the northern plains states.

There does seem to be some weather signs of encouragement in the blocking highs that have been plaguing the West Coast and Northwest seem to have dissipated and allowing the moisture pattern to resume a more normal pattern.

Selling are 220 head of Brador and Brangus heifers from one ranch and over 600 head from another ranch including White Brahman cows, 3/4 Simmental bulls, Brangus heifers, Brangus cows, red mottled heifers, Brangus cows and crossed heifers. There will be 40 Santa Gertrudis cows with big calves in this consignment. There will be other consignments of Brador heifers, Hereford cows and Hereford, Brahman and Brangus bulls.

For information contact Harry Harrison, Frio Livestock Market, Box 628, Pearsall, Texas, 612/334-2365 or 334-8208.

Jones Livestock Stocker Cow Sale Set For March 12

Sulphur Springs, Texas—A special Stocker Cow Sale will be held at Jones Livestock Auction Saturday, March 12, 1977. Sale time is 12 noon at the sale facility located 4 miles south of I-80 on Highway 19 at Sulphur Springs.

Selling are 824 head of stocker cows including a top offering of 210 quality Hereford cows, mostly with calves at side by top Hereford bulls. There will be 150 Charolais and Charolais cross cows, 100 Brahman cross cows including tiger stripes and whitefaces and blacks, and 100 mixed Brahman cows.

Also selling will be 40 mixed Brahman cows, 70 bred and open Hereford heifers, 100 bred and open Brahman cross heifers including some straight F-1, and 14 Registered Angus cows to calve in April.

There will be 20 outstanding 2-year-old Registered Hereford bulls in the sale from Walter Graham.

Reynolds L&C Sets Simmental Bull, Heifer Sale March 12

Pittsburg, Texas — Don and Alice Reynolds' Reynolds Land & Cattle Co. will hold a performance tested Simmental bull and fancy heifer sale Saturday, March 12, 1977, at 12:30 p.m. at their ranch on Farm Road 993 south of Pittsburg.

Selling will be a total of 75 head including 60 big, rugged bulls, many of which are 2-3 years old, of Hereford base, a high percentage of which had more than 650-pound 205-day adjusted weaning weights. These bulls have completed a 90-day feeding test in bulls, many of which are 2-3 years than three pounds per day.

There will be several fancy percentage Simmental, Hereford based heifer club prospects in the offering.

The cattle include halves, three-quarter and seven-eighths Simmentals.

Galant, Esquire, Toni, Verdi Jr., Ahriest, Florian, Beat, Parialen, Kaiser, Apollo and Extra are featured sires in the offering.

Guest consignors are Castor's C Bar J Ranch, Shreveport, La.; Frank Crews Simmental Ranches, Buffalo and Jewett, Texas; and Prince Ranch, Pittsburg, Texas.

Reynolds Land & Cattle Co. has been producing pureblood seedstock over 30 years.

Further information is available from Reynolds Land & Cattle Co., Route 1, Box 272, Pittsburg, Texas 75868, phone 214/856-5680 at the ranch, or 214/856-5350 at the office, ask for Don or Alice Reynolds.

Happy Hereford Ranch, Happy, Texas.

All cows that do not have calves will be pregnancy examined. All cows will be Bangers tested and aged. All bulls will be Bangers tested and fertility tested.

ATTENTION - INVESTORS

1500 Acres of highly productive
and profitable farm land
located in a good rainfall area
90 miles south of Dallas on the
Texas Blackland Prairie - every
acre is covered by a rich, deep
layer of Houston black clay
soil, the most highly productive
soil type in Texas for growing
Milo, Corn, Wheat, Oats, and
Cotton. This is the kind of ver-
satile, productive farm land that
will be in heavy demand to pro-
duce the world's future food
supply, so it should appreciate
rapidly in value. No waste land,
as every acre can be put into
the production of high yielding
crops. Management would be
minimum as this farm is now
being worked by a highly expe-
rienced and capable tenant. 3
sets of improvements, 14 miles
of good fences, 17 stock tanks,
1/4 minerals, 13,500 Bu. metal
grain storage. Cattle will fin-
ance this place on 2 1/2% term -
up to 25% down, priced below
market price at \$550.00 per AC.
